Experience

Craft and Community Development Foundation (CCDF)

July 2025

Community Engagement Intern

New Delhi, India

- Contributed to women empowerment initiatives by assisting in digital literacy and upskilling sessions.
- Collaborated with teams to support community welfare programs and outreach activities.
- Demonstrated leadership, teamwork, and a service-oriented mindset in social impact projects.
- Actively participated in organizing and executing community engagement programs.

Projects

AI-Powered Stock Tracking System | Python, FastAPI, Twilio, OpenAI, LangChain, Redis | 🐙

June 2025

- Built **AI-powered SMS chatbot** using 4-agent system (Research, News, Sentiment, Explanation) achieving **2.5s response time** and **89% accuracy**
- Integrated **Twilio API** and **Redis caching** achieving 65% cache hit rate, reducing API calls by 60% for **10x faster responses**
- Created **Streamlit dashboard** with real-time analytics and **Docker deployment** achieving 99.5% uptime for 1,000+ queries

Self Improving RAG System | Python, FastAPI, Streamlit, OpenAI, Qdrant | 🐙

November 2024

- Developed a production-ready **Retrieval-Augmented Generation (RAG)** system achieving **94.2% accuracy** with **0.8s response time** for intelligent document Q&A.
- Integrated **OpenAI GPT-4** for response generation with streaming support, temperature control (**0.7**), and context window optimization (**10 → 5 documents**).
- Built real-time **analytics dashboard** using Streamlit and Plotly, displaying **5+ performance metrics** including query volume, accuracy rate, and user satisfaction scores.

Full-Stack Anonymous Messaging Platform | Next.js 15, TypeScript, TailwindCSS, Prisma, MongoDB, Clerk | 🐙 Jan 2025

- Built **open-source anonymous messaging platform** (500+ users) using **Next.js 15** App Router with **TypeScript**, achieving **95+ Lighthouse score**
- Implemented **privacy-first authentication** with **Clerk** (Google/GitHub login), ensuring **zero tracking** for message senders (no IP, no user ID)
- Designed **Prisma + MongoDB** database handling 1,000+ messages, created responsive UI with **TailwindCSS**, and added **PWA** support for installable web app

Technical Skills

Languages: Python, Java, JavaScript, HTML, CSS

Frameworks: FastAPI, React, Next.js, Express.js, TailwindCSS

Databases: MongoDB, Supabase, Vector Databases (Qdrant)

Tools: Git, Docker, AWS, Google Cloud, VS Code, PyCharm

AI/ML: Machine Learning, Deep Learning, Generative AI, RAG, AI Agents, LangChain

Libraries: NumPy, Pandas, Matplotlib, Scikit-learn

Education

SRM Institute of Science and Technology, Delhi-NCR Campus

Aug 2023 – May 2027

Bachelor of Science in Computer Science

Delhi, NCR

CGPA:

8.1/10

Leadership / Extracurricular

TEDx SRMIST

Sep 2025 – Present

Co-Technical Lead

- Collaborated with technical team to architect and deploy the official TEDx event platform.
- Coordinated a team of 10+ developers ensuring smooth integration and system performance.
- Managed deployment pipelines and supported live event technical operations.

Khel SRMIST Sports Event

2025

Head Coordinator

- Organized and managed a university-level sports event with multiple teams and participants.
- Handled event logistics, scheduling, and coordination with volunteers for smooth execution.
- Ensured efficient crowd management and seamless flow of events during execution.
